HEALTH AND SAFETY SERVICES

TAKING SAFETY TO HIGHER LEVELS

APRIL 2015

Plansafe Solutions Ltd was established in 1995 and is, at its core, a health and safety consultancy. Plansafe acted as Planning Supervisor under the Construction (Design and Management) Regulations 1994 and CDM Co-ordinator when these Regulations changed in 2007.

With the introduction of CDM 2015 Plansafe now offers comprehensive CDM Consultancy services to Clients to give peace of mind that health and safety is being properly managed and to support the Client with their legal obligations. Plansafe can offer the following services:

- Advice and guidance to the Client on their legal duties.
- Notification of the project on behalf of the Client where required.
- Development of the Client's Brief where appropriate.
- Ensuring arrangements for managing health, safety and welfare are established and maintained in both design and construction phases.
- Preparation of Pre-Construction H&S Information.
- Advice regarding and assessment of both the Construction Phase H&S Plan and H&S File.

Services can be offered on a bespoke or standard basis. To

"Plansafe were recently employed on a £3.5M new build project for Loreburn which included demolition of existing properties.

Communication and the service provided from inception through tender stage and completion has been of high quality. Their performance during this contract was excellent."

- Lindsay Lauder,

Loreburn Housing Association.
